NEWS BULLETIN   AUGUST 2022

Manhattanville College Campus, Reid Hall Castle, Purchase, New York

Victory At Last!

The Connecticut Ceramics Circle has found a home! After hours of research to find a site where we could resume in-person CCC meetings as well as continuing to Zoom them, we have found Reid Hall Castle on the campus of Manhattanville College in Purchase, New York, conveniently located just off the Merritt/Hutchinson River Parkway.

We believe our members will be very comfortable in the Reid Hall Castle's magnificent drawing room. The site's attributes check off all the needs for the CCC: Accessibility, parking, tea service, and Zoom capability.

Reid Hall Castle was designed by Stanford White and built in 1892 for Whitelaw Reid, politician, ambassador, and editor of the New-York Tribune. Its grounds were landscaped by Frederick Law Olmstead. Manhattanville College purchased the property in 1951.

Our first two lectures of the season in October and November will take

place here. Please note that, at the lecturer's insistence, the Zoom of the October lecture will be available ONLY for members. So, if you haven't already renewed. please do so in order to be able to attend this sure to be fascinating lecture, either in person or via Zoom.

Further information about directions will be forthcoming, but the address is 2900 Purchase Street, Purchase, NY 10577, should you want to get your Google Map directions set early!
